

June 4, 2003

Dear Courthouse Staff,

Thank you for showing us around and telling us about the history of the courthouse. It was interesting to learn about the floor tiles, the wood trim, and the big clock. It's amazing to know that the Courthouse is over 110 years old.

It was an honor that you let us go into the courtroom. It must be hard for the judge and jury to make all those decisions. It was interesting to learn how to behave in court. We think it would be embarrassing to be asked to take off your hat or to stop talking.

We liked learning that there are 12 jurors and 2 alternates. We know we are special in America that we can have a jury trial. It was remarkable to learn how jurors are chosen.

We had a superb time and we hope that we can come to the Courthouse again.

Sincerely,  
Mrs. Lenz's class
