

# Welcome to Fremont County 4-H!

We are so excited that you are interested in the 4-H program! Here is a bit of information to get you started.

## What is 4-H?

4-H is much more than cows and cooking! 4-H is an exciting world and is a family affair. The philosophy behind 4-H is to strengthen the mental, physical, moral, and social development of youth to help them develop into competent, committed, and self-assured adults.

4-H utilizes the "learning by doing" model. Youth, with guidance from adult volunteer leaders, are involved in hands-on experiences where they gain useful skills and learn how to live with people and serve their community and country by practicing these skills in real-life situations.

Youth ages 8-18 can be involved in 4-H. They must be at least eight by January 1<sup>st</sup> of the 4-H year.

## How can my child be involved in 4-H?

In Fremont County, 4-H programming works primarily in three ways: traditional 4-H clubs, school enrichment, and project camps.

1. Traditional 4-H clubs are led by volunteer leaders. Clubs generally meet once a week or month, depending on the needs of the club. Some clubs take the winter months off and get started early spring. 4-H clubs are only successful with parent involvement.
2. School Enrichment activities use 4-H curriculum in the classroom. This program is led by teachers, 4-H professionals or other volunteers.
3. Project Camps are opportunities for youth to complete an entire 4-H project not in a club setting. Project Camps are organized by the 4-H staff. Project Camps are typically held at the 4-H Office and therefore, have a very limited enrollment. Project camps are held on some Saturdays and during the summer.

## ENROLLMENT IS NOW OPEN
